Our Commitment to Your Security and Your Support

DSOS™ by SpinetiX – An Operating System Dedicated to Digital Signage

Security at the core

DSOS and Intel technology together provide a one-stop, low-risk, secure platform for digital signage deployments of any size, and any high-availability scenarios.

Lean & easy to maintain

Designed to turn any qualified device into a dedicated signage appliance, DSOS is leaner and easier to maintain than general-purpose operating systems.

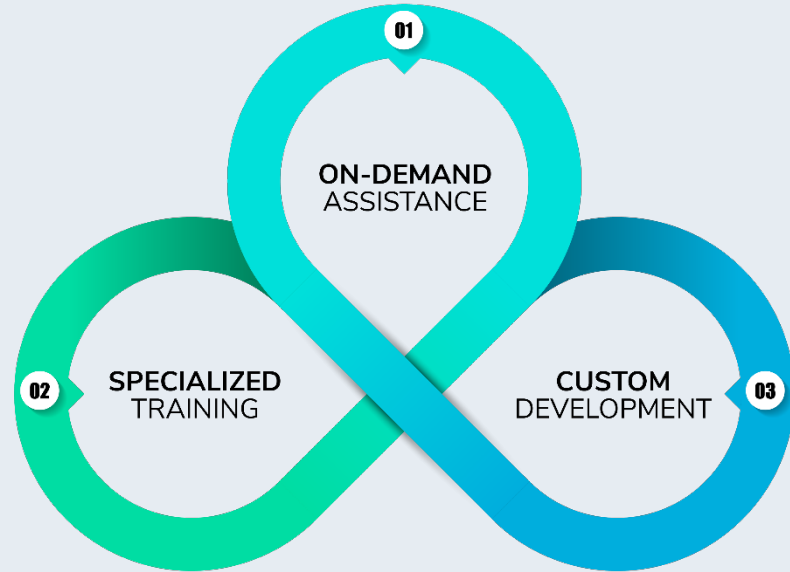

Support close to you

With more than a decade of experience in hardened, secure devices and operating systems, our engineering team together with trained SpinetiX partners are close to you and speak your language.
